Volume III, Section 4 – Combination System Edits	
<p>Added Direct Loan end-of-entry edits 1110 (for Loan Period Start Date) and 1115 (for Loan Period End Date). These new edits are generated if you adjust the Loan Period Start Date or Loan Period End Date to a date outside the 2014-2015 Award Year on a loan record with an Origination Status other than A (Accepted by COD) or B (Batched to send to COD). If the Origination Status is A or B, you can now adjust the Loan Period Start Date to be after June 30, 2015 and the Loan Period Start Date to be before July 1, 2014.</p> <p>Note: This enhancement is available in the EDEExpress 2014-2015, Release 3.0 update posted in April 2015. <p>Added Direct Loan end-of-entry edits 1230 (for actual disbursements) and 1240 (for anticipated disbursements). These new edits are generated if you adjust the Payment Period Start Date associated with an anticipated or actual disbursement to a date before or after the loan period dates if the anticipated or actual disbursement amount is greater than zero and the loan's Origination Status is A (Accepted by COD) or B (Batched to send to COD) or if the loan's Origination Status is E (Origination reject received from COD) or R (Ready to Send to COD).</p> <p>Note: This enhancement is available in the EDEExpress 2014-2015, Release 3.0 update posted in April 2015. <p>Updated Condition and Message text for Direct Loan end-of-entry edits 2000, 2001, and 3105 to indicate that disbursement dates cannot be more than 10 days prior to the Loan Period Start Date or more than 180 days after the Loan Period End Date if the associated disbursement's gross amount is greater than zero. Edits 2000 and 2001 check anticipated and actual disbursement dates and amounts against the Loan Period Start Date, while edit 3105 checks actual disbursement dates and amounts against the Loan Period End Date. In prior award years, these were warning-only edits in EDEExpress.</p> <p>Note: This enhancement is available in the EDEExpress 2014-2015, Release 3.0 update posted in April 2015.
